### Book Designer

*The Selby Paris Book / Todd Selby*

Worked with the photographer, Todd Selby on his project, The Selby - Photos in Your Space, to develop & design a book for his show at colette in Paris. In addition to designing & producing the limited edition of 250 books, each spine was hand painted red, white and blue in homage to the French flag. The books are numbered, signed and for sale at both colette & his online store.

### Book & Email Designer

*Marianne Campbell Associates / Marianne Campbell*

Developed and coordinated both a print and online promotional campaign for Marianne Campbell Associates, a photo agent representing six photographers across the country. Individually worked with each photographer to create a custom email campaign based on their existing identity while presenting recent work. Additionally produced a small booklet that showcased the overall work and style represented by the agency.
